From the Ag. Chief Inspector of Mines. No. 258 d. 14.8.30.
Recommends, in consequence of his appointment as Chief Inspector of Mines, Mysore, that Messrs. K. Duraiswamier and V. Narayana Rao who have been acting as Inspector of Mines & Asstt Inspector of Mines may be confirmed in their present appointments on a salary of Rs. 350+108 Ag. Allowance and Rs. 225+50 Ag. Allowance respectively and that Mr. G.P. David, Mining Assistant, Mysore Iron Works, may be relieved of his duties in the Iron Mines immediately and posted as Junior Inspector of Mines on the maximum pay of Rs. 250 until the proposal to increase the no. of Asstt. Inspectors to two is sanctioned when he may be promoted as 2nd Asstt Inspector of Mines.

Noted for orders with connected file.

MW. 9.8.30

The present staff of the Dept. of Mines & Explosives is composed as follows:

19.8.30.

(1) Mr. C. E. Sanjeevarayana Rao. Ag. Chief Inspector on 600-40-700

(2) " K. Duraiswamier - Asst. Insp. on Rs 350 in grade Rs. 250-25-450, acting as Inspector on Rs 350 + A.A. 108 (vide 2.6.30) (vide 17.2.30)
Born 4.10.1894
entered service: 21.9.20

(3) " V. Narayana Rao - Junior Insp. on Rs 225 in grade Rs 125-$\frac{25}{2}$-250 (vide 2.6.30) now acting as Asst. Insp. on Rs 225 + A.A. 50 vide 17.2.30
Born 25.11.1894
entered service: 26.3.19

General and Revenue Secretariat — Govt File No. 1165 of 1930 — App. F. III—2]

Serial No. 7

In this connection it would, perhaps, be advisable to revise the grades of the Insps. Asst. Insps. as has been done in the case of the Dt. Insps. which has been reduced from Rs 1000-50-1200 to Rs 800-50-1000.

Mr. Duraisamier, who has been proposed to be confirmed as Inspector, has only just reached Rs 300 in the grade of Rs 250-25-450 and it would be too big a jump for him all at once to be put into the grade of Rs 500-40-700. Similarly, Mr. Narayana Rao has just reached Rs 225 in grade Rs 125-25/2-250 So, the grades may be suitably revised in consultation with the Dt. Secy. & other Officers concerned in them. With this modification the proposals detailed above may be sanctioned. The extra cost will be calculated when the grades are fixed.

20 The grades as they exist were instituted on the grade allowed to the Bosquet when chief Inspr. After his retirement and the appointment of Mr. C.E.S. Rao as chief Inspr. the chief Inspr's pay was reduced from Rs 1000-50-1200 to Rs 800-50-1000. This would point to the need for revising the present grade of Inspr, Asst. Inspr & Junior Inspr of mines. The grades may be revised as follows -

	Present Grade.	Proposed
Chief Insp. of mines	1000-50-1200	800-50-1000 (already sanctioned)
Inspr of mines	500-40-700.	400-40-600
Asst. Inspr of mines.	250-25-450	250-20-350
Junior Inspr of mines	125-12½-250	125-12½-225

The grade have to be fixed before the question of variation confirmation consequent on the appointment of Mr. C.E.S. Rao as chief Inspr of mines, and the strengthening of the staff can be taken up unless it is proposed to continue the existing grades

Final Note by the Third Member of Council.

Subject:—

Arrangements consequent on the appointment of Mr. C. E. Suryanarayana Rao, as Chief Inspector of Mines

These papers relate to the consequential arrangements to be made in the Mines Department due to the appointment of Mr.C.E. Suryanarayana Rao as Chief Inspector of Mines in the vacancy caused by the retirement of Mr. Bocquet. The Chief Inspector recommends that Messrs. Duraiswamier, Assistant Inspector of Mines and V. Narayana Rao, Junior Inspector of Mines, who have now been acting as Inspector and Assistant Inspector respectively may be confirmed in their present appointments. He has also submitted proposals for strengthening the Inspectorate in view of the increase in work and also to enable more systematic inspection of the Mines than at present.

It is accordingly proposed to appoint Mr. J.P.David, Mining Assistant, Mysore Iron Works, whose place has been retrenched in the Iron Works, due to reductions as additional Junior Inspector on (Rs.225 in grade) Rs125-25/2-250„ and entertain one Mr.R.S. Batni, B.A., who has passed the certificate examination in the Metal Mining Engineering at Dhanbad as a Mysore Government scholar, as a Probationer on Rs100+20 House Rent.

The question of confirming Messrs. Duraiswamier and Narayana Rao in their acting appointments may be deferred for the present.

These proposals have been agreed to by the Dewan and Members of Council and may be graciously approved.

Govt. File No. 105 of 1929.

Serial No.	
13	From the Chief Inspector of Mines. No. 821 d. 19.11.30. Forwards copy of a letter d. 15.11.30 from the Comptroller in the matter of making permanent arrangements consequent on the retirement of Mr. Bacquet and requests that Govt may be pleased to treat Messrs. K. Duraiswamier and V. Narayana Rao as Ag. Inspector and Ag. Asstt Inspector respectively from 6.8.30.

The previous papers are put up for perusal. The Comptroller in his letter has suggested the making of permanent arrangements consequent on the retirement of Mr R. Bacquet. In Govt order No. 548-9/G.B. 147-29-11 d. 30.7.30 it was ordered that Mr G.E. Gurzanarayana Rao should act as Chief Inspector of Mines during the absence of Mr. Bacquet on leave and be confirmed as such from the date of his retirement. He was granted leave on average salary for one month and 26 days and subsidiary leave for 10 days with effect from 6th August 1930. As Mr. Gurzanarayana Rao is now as permanent Chief Inspector of Mines it is for orders whether the question of the confirmation of ~~the~~ Messrs. Duraiswamier & Narayana Rao as Inspectors & Asstt Inspector which was deferred for the present may be considered now. Submitted for orders.

Sir,

1. With reference to your letter No.1644 dated 12-8-1929 calling for proposals re: the additional staff required in connection with the systematic inspection of explosives magazines and premises in the State, I have the honour to submit as follows:-

In September 1919 when the mining branch of the Department of Mines and Geology was constituted into a separate unit, the explosives section, which was under the administrative control of the Director of Mines and Geology, was transferred to the newly formed Department of Mines and Explosives - vide G.O.No.G.7041-7100 Geol. 69-18-11 dated 18th September 1919. About 2 years and 9 months later, Government passed orders - G.O.No.I.C.6306-66/Geol. 88-21-1 dated 27-6-1922 - abolishing the separate explosives branch of the Department of Mines and entrusting the work connected therewith to the Chief Inspector of Mines and his subordinates in addition to their own duties. This change was effected at a time when the work of the explosives branch was on the increase necessitating the services of a full-time officer to organise systematic inspections under Rule 125, Mysore Explosives Rules. It will be seen from the subjoined statement how the number of explosives licenses issued during the past 10 years - 1919 to 1928 inclusive - is gradually

on

on the increase both before and after the abolition of the post of the Inspector of Explosives in 1922.

3 Thus, by combining the work of inspection of both mines and explosives but limiting the strength of the staff to what was originally meant for mine inspection work alone, systematic inspection work in these two branches of the Department has not been as frequent as one would wish. Added to this, the yearly number of explosives accidents outside the Kolar Gold Field appears to be on the increase necessitating investigation and enquiry into the cause of the more important (at least) among them by the officers of this Department, thus requiring their services periodically.

4 Such work - added to the systematic inspection of the various manufacturing sheds and storage premises in each district licensed by the various District Magistrates, and also of other magazines - would require the time and attention of at least two officers to cope with it properly, especially since it has increased to such an extent and there is not a single whole-time officer to attend to it.

5 Regarding inspection of mines, the work to be done under the Mysore Mines Regulation and rules thereunder, both on the Kolar Gold Field and outside, needs to be more systematic than it is at present. Owing to the limited staff at the disposal of this Department, it has not been possible to effect much improvement in this direction. On the Kolar Gold Field, the inspection work should be carried out with more regularity, if possible, because of the great depths of the mines, the long distances to cover underground, high rock temperatures encountered and the large number of workmen employed. This work is very trying and of an exceedingly hazardous nature. Besides the systematic inspection of the workings and plant, numerous inspections have to be carried out in connection with accidents, for granting permission to work certain areas, to pass winding machinery and appliances for commission, etc. After the introduction of the Workmen's Compensati

Regulation,

Regulation, still further work has devolved on the inspection staff in connection with accidents and enquiries connected therewith.

6 The mines outside the Kolar Gold Field, worked for minerals other than gold, demand greater attention as some of them are now being opened up by underground methods. The inspections of these mines, therefore, will have to be more frequent in the interests of the safety of the persons employed therein.

7 Under these circumstances, I request that Government may be pleased to accord sanction for the entertainment of at least two Probationers in the first instance, each to be trained in the technique of the Department for a period not exceeding two years before being absorbed into the permanent staff after approved satisfactory progress. The candidates selected may be given a pay of Rs. 80/- plus 20/- house rent during the period of probation, after which they may be employed as Junior Inspectors on Rs. 125-25/2-250, should they be found suitable.

8 If untrained men are chosen, it will naturally take some time before they can pick up the work of the Department. I therefore propose that the services of one of the officers - the Mining Assistant - working in the Mysore Iron Mines be transferred to this Department so that he may immediately enter upon his duties; the other candidate would have to undergo training.

9 Early orders of Government on the proposals submitted are solicited.

I have the honour to be,

Sir,

Your most obedient servant,

F. V. Jocqueh.

The Secretary to the Government
of His Highness the Maharaja of Mysore,
Development Departments, Bangalore.

Dear Sir,

With reference to your letter No.D.10952/Geol.105-29-2 dated 2nd April 1930 in regard to the transfer of services of the Mining Assistant, I am directed to state that the Board of Management agree to spare the services of Mr. J.P. David for transfer to the Department of Mines and Explosives. With this transfer, the Works will be left with only one officer, Mr. V.T. Venugopal, who has had training and experience of the geological work. The Works may have to occasionally indent for the services of Mr. David or any other officer of the Mining Department during the absence of Mr. Venugopal or should there be any pressure of work, and the Board of Management trust that there will be no difficulty in securing the services of an officer at such a time.

Mr. David has served on the Mysore Iron Works ever since 1922 and he has always been regular and efficient in his work. He has worked on all our mines and also done valuable prospecting work.

Yours faithfully,

GENERAL MANAGER

Bangalore.

Sir,

I have the honour to invite your kind reference to this office letter No.1526 dated 28-2-30 and to request you to be so good as to obtain early orders of Government on the proposals submitted in the matter of the entertainment of two Probationers for this Department.

In this connection, I might add that Mr. J.P. David, Mining Assistant, working in the Mysore Iron Mines, whose services I have suggested should be transferred to this Department for the reasons given in my letter under reference, called on me today. I understand from him that the Board of Management have no objection for the transfer of his services to this Department and that he is also willing.

Early orders of Government are solicited in the matter so that the above officer may enter upon his duties here forthwith, the need for a trained officer being keenly felt, while the Probationer to be appointed may be detailed off to undergo a course of training in the work of the Department in good time.

I have the honour to be,
Sir,

FROM

R. BOCQUET, Esq., J.P.,

CHIEF INSPECTOR OF MINES IN MYSORE.

To

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Development Departments,
Bangalore.

Through

The Comptroller
to the Government of His Highness the
Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No.D.12385/Geol. 105-29-5 dated 5th May 1930 calling for a proposition statement in the matte of the entertainment of two Probationers for this Department, I have the honour to submit, herewith, a proposition statement, duly verified by the Comptroller, for the orders of Government.

2. The proposition statement provides for two new appointments, (1) that of an Assistant Inspector and (2) of a Junior Inspector on the same grades of pay as exist for these posts at present. These proposals are made having regard to my impending retirement from Government service, the proposed transfer of Mr. J. P. David, Mining Assistant, from the Mysore Iron Mines to this Department and the consequential arrangements that will have to be made in the cadre of the Gazetted Staff of this Department.

3 It may be superfluous for me to say that under ordinary circumstances following my retirement, the present Inspector, Assistant Inspector and Junior Inspector of Mines will automatically become Chief Inspector, Inspector and Assistant Inspector of Mines, respectively. Thus a vacancy - Junior Inspector of Mines - will be caused in the existing cadre.

It

4. It may be stated here that the proposals for augmenting the Inspectorate of the Department by two hands were made before it was definitely known that I should be retiring shortly from Government service. In view of this, to bring the Department up to full strength, three new appointments will be necessary one of which it is proposed should be filled by Mr. J. P. David, Mining Assistant, Mysore Iron Mines.

5. In this connection, it may be pointed out that Mr. V. Narayana Rau, Ag.Assistant Inspector of Mines, who will be drawing a pay of Rs. 225/- from June 1930, has been in the Department for the last 10 years having started as an Explosives Probationer in September 1920 and working as Junior Inspector of Mines since January 1923. He has also acted as Assistant Inspector of Mines for over two years both during my and Mr. C. E. Suryanarayana Rau's absence on leave and acquitted himself creditably in this position and has consequently gained considerable experience in the work of the Department. His claim to seniority therefore should not suffer by the transfer of Mr. David, who is now getting slightly higher pay - Rs. 250 - in the Mysore Iron Mines. I therefore propose that, on my retirement, Mr. V. Narayana Rau should be appointed Assistant Inspector on Rs. 250-25-450. Mr. David also may be appointed as Assistant Inspector on the same pay but will rank junior to Mr. V. Narayana Rau. (This point was made clear to Mr. David when he interviewed me on 9-4-1930 in this connection and he agreed to my proposal.)

6. There would thus be two Junior Inspectors' posts vacant which can be filled in due course by appointing two Probationers in this Department as a start. The candidates selected may be given a pay of Rs. 80/- plus Rs. 20/- house rent during the period of probation of two years and then confirmed, if satisfactory, as Junior Inspectors on Rs. 125-25/2-250.

The

The increase in the average cost for the first two years would not amount to Rs 276.2/3 per mensem as shown in the proposition statement but only Rs 76.2/3 or Rs 920 per annum.

Early orders of Government are solicited in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

N. Bocquet.

CHIEF INSPECTOR OF MINES

IN MYSORE.

~~R. BOCQUET, Esq., M.R.~~

Ag. CHIEF INSPECTOR OF MINES IN MYSORE.

To

B. Narayanaswami Iyengar, Esq., B.A., B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Development Departments,
BANGALORE.

Sir,

Gen 105:- 29-7

Consequent on my appointment as Chief Inspector of Mines under Government Order No.548-9/C.B. 147-29-11 dated 30th July 1930 and in accordance with para 3 of Mr. R. Bocquet's letter No.1993 dated 14th May 1930 submitted to Government through the Comptroller with a proposition statement, I have the honour to recommend that Messrs. K. Duraiswamier and V. Narayana Rau, who have now been acting as Inspector of Mines and Assistant Inspector of Mines respectively, be confirmed in their present appointments. They have now been drawing a salary of Rs. 350 plus 108 acting allowance and Rs. 225 plus 50 acting allowance and as such there will not be any disparity in the existing grades. Considering the arduous nature of the duties of these officers and the risk involved in underground work, not to speak of the costliness of living on the Kolar Gold Field, the existing grades are quite reasonable.

Mr. Bocquet has already proposed in his letter referred to above that Mr. J. P. David, Mining Assistant, Mysore Iron Mines be transferred to this Department. I request that he may be relieved of his duties in the Iron Mines immediately and posted as Junior Inspector of Mines on the maximum pay of Rs. 250 until the proposal now before Government to increase the number of Assistant Inspectors to two is sanctioned, when he may be promoted as 2nd Assistant Inspector of Mines.

Early orders of Government are solicited in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

C E Suryanarayanadas

Sir,

In submitting, herewith, for the orders of Government, copy of letter No.G.A.D.249 dated 15th November 1930 from the Comptroller to me in the matter of permanent arrangements consequent on the retirement of Mr. Bocquet, I have the honour to state that the recent G.O. No. D.4455-7/Geol.105-29-8 dated 28-10-30 revising the cadre of the Gazetted staff of this Department is not specific regarding the position which Messrs. K. Duraiswami Iyer and V. Narayana Rau occupy in it.

These two officers who were acting as Inspector and Assistant Inspector, respectively during my deputation to South Africa (Vide G.O.No.11749-50/Geol.49-29-19 dated 17-4-30) continued to do so even after my return from that country on 5-8-30 and taking over charge from Mr. Bocquet on the same date, as the appointment of Inspector of Mines continued to be vacant. Under these circumstances and because Mr. J. P. David has been appointed Junior Inspector of Mines in G.O. No.D.4455-7/Geol.105-29-8 dated 28-10-30 and as he has since joined duty as such, I request that Government will be pleased to treat -- Messrs. K. Duraiswami Iyer and V. Narayana Rau, as Ag. Inspector and Ag. Assistant Inspector respectively, from 6-8-30.

Early

Early orders of Government are solicited in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

C.E. Srinivasayya

CHIEF INSPECTOR OF MINES

IN MYSORE.

D.S.K.

Letter No.GAD.249 dated 15th November 1930 from the Comptroller to the Government of His Highness the Maharaja of Mysore, Bangalore, to the Chief Inspector of Mines in Mysore, Oorgaum.

..... :o: .....

I have the honour to state that consequent on the return of Mr. C. E. Suryanarayana Rao from deputation on the afternoon of the 5th August 1930, the acting arrangements ordered in his place in G.O. No.D.11749-50/Geol.49-29-19 dated 17-4-30 ceased with effect from that date, and to request therefore that you will be so good as to obtain early orders of Government sanctioning the continuance of the arrangements from 6-8-30 in the vacancy caused by the grant of leave preparatory to retirement to Mr.R.Bocquet. Pending orders of Government, the salary drawn by Messrs. K. Duraiswamier and V. Narayana Rau as Acting Inspector and Acting Assistant Inspector respectively from 6-8-30 has been admitted in audit provisionally.

Further, the audit slip in favour of Mr. J. P. David whose appointment as Junior Inspector of Mines has been ordered in G.O.No. D.4455-7/Geol.105-29-8 dated 28-10-30 has also been issued provision - ally pending orders of Government sanctioning permanent arrangements consequent on the retirement of Mr. Bocquet, which may be kindly obtained at an early date.
